Your first few days and weeks in any new environment can be disorienting and confusing. The International Office of Bergamo University prepared this guide to make sure your arrival in Bergamo is organised and comfortable.

**Certificates to prepare to complete the online registration and application procedure:**

First and foremost, you have to make sure that all necessary certificates are collected. To complete the online application procedure as an Erasmus/Exchange student at the University of Bergamo you will be requested to collect certificates and documents mentioned below.

**CHECKLIST**

1. The Learning Agreement duly signed and stamped by your home institution’s coordinator.
2. The official Transcript of Records (listing all exams taken at Home University prior to departure).
3. A copy of adequate health insurance for non EU students or European Health Insurance Card (or equivalent) for EU students. The Health Insurance must be **valid in Europe and the Schengen Area and must cover the entire students’ mobility period**.
4. A copy of your valid passport or identity card.
5. A certificate stating the level of Italian (or English if applicable) competence issued by your home University or by an official Language Center.
- An ECTS Guide is usually uploaded between the end of July and early August each year. In the meantime, students must rely on the previous year ECTS Guide.

Nominated Exchange/Erasmus students will receive a notification email and an access code from the University of Bergamo International office, to start their online registration and finalise their online application and upload all the required certificates and documents. (Certificates and documents sent by email will be not accepted)

1. Pre-register online
2. Apply online

Guidelines about how to proceed will be attached to the email.

You will be asked to provide the International office with the date of your arrival so that the staff will be organised and will be able to manage all the arrivals in the best way possible.

Please note that even though most courses do not differ from one year to the next, the semester in which the courses are held, might change.

Faculty Boards officially approve class schedules around the end of July/beginning of August.

As soon as they are approved, students will be sent a notification email so that, in August, they can fill in the Learning Agreement.
Accommodation

One of the most important things to arrange when coming to the University is where you are going to live. You have to decide which type of accommodation you want before arriving in Bergamo. Our Accommodation Service, designed especially for Erasmus/Exchange Students, helps you to settle quickly and easily.

Accommodation Service at the University of Bergamo

As an Erasmus/Exchange Student you will be given the chance to rent a flat through the Accommodation Service of the University of Bergamo.

Reservation of the housing is possible only through the online platform.

How to apply?

Accommodation applications are open:
  • after 30th June for the 1st semester (Winter Semester/ or all academic year)
  • after November 1st for the 2nd semester (Spring Semester).

Before you apply, please make sure you have first completed the online Registration/Application procedure and received your id and password. You will not be able to access the Accommodation Service, unless the online application is completed.

You can login the database cerco alloggio and see all available rooms provided with descriptions, pictures and prices.

You can choose what kind of room you would like to stay (double or single). Most of the rooms have access to the Internet. The flats are fully furnished. However, bed linens and towels are not provided.

Please check: Accommodation Service webpage

Before renting a room check on the map where exactly your department and flat are located, to ensure the most convenient connection.

The service is completely free and reserved to exchange/Erasmus students only.

All students have to pay a deposit fee and a contact registration to be refunded at the end of tenancy.

Rents are to be paid to the owners monthly, at the beginning of each month.

The contract registration fee is approximately €100.00. Before leaving the apartment students are required to pay the owner a final cleaning charge of € 30.00.

Private Temporary Accommodation:

Otherwise, you can choose to stay in a private apartment (single or shared) in Bergamo. Do not book this kind of accommodation
through a website. If you want to live in any private rented accommodation, we advise you to stay in a temporary accommodation and look for it after you are in Bergamo. Below, there are some addresses of hostels where you can stay for a couple of days:

A. I. G. Nuovo Ostello della Gioventù di Bergamo
- Via G. Ferraris, 1 - 24123 Bergamo

Ostello di Bergamo

Central Hostel BG
- Via Ghislanzoni 30, 24122 Bergamo

If you wish to live with Italian students, it is always a good idea to check students’ notice boards located at each department.

Attention please
Electricity in Italy is 220 volts, which, to draw a comparison, is twice the voltage you have in the United States (110 volts). Make sure your devices are designed also to 220 volt, otherwise you will need a voltage converter or a plug adapter.

Tandem project | Conversazioni linguistiche

Are you learning a foreign language and need some practice? Are you a foreign student who needs to improve your Italian?

Join the Tandem project and find out how to have fun and discover a fun and easy way to improve your language skills!

Please note that the University of Bergamo requires a B1 level of Italian language given that classes are mainly taught in Italian.
WHAT IS THE BEST WAY TO TRAVEL TO BERGAMO?

The next step is to decide which means of transport is better for you to take.

Bergamo is situated in the North of Italy.

It is in the centre of Lombardy, about 60 km from Milan.

It can be reached by AIR, TRAIN (check on the National Railroad website and look for Bergamo) or CAR (Autostrada A4 Torino - Venezia, uscita Bergamo).

ORIO AL SERIO Airport

Probably the best option for you is to fly directly to Bergamo: Orio al Serio Airport

The ORIO AL SERIO Airport is approximately 5 km from the city centre and 45 km from Milan. It is connected to many Italian and European destinations, and is known for its large number of low-cost airlines.

A bus is available every 30 minutes and tickets can be bought at the airport (€2.60 for a single ticket into town).

You can also get a taxi 035/4519090

MILANO LINATE Airport

If you cannot find a flight to Bergamo airport, we advise you to get a flight to MILANO LINATE Airport, located 7 km from Milano centre (not Milano Malpensa which is 45 km from Milan). You will then need to get from Linate airport to Centrale Station Milano for a train to Bergamo (we suggest you go to Lambrate Station as it is a shorter ride). In order to do so:

either buy a bus ticket for STAZIONE CENTRALE near Arrivals.

19°

MILANO MALPENSA Airport

If your flight arrives at MILANO MALPENSA Airport, (which is 45 km from Milan) the journey time to get to Bergamo is quite a bit longer.
It is important that you arrive with plenty of spare time before the start of the courses that you are going to take. Students are strongly advised to arrive at least one week before the start of classes (two weeks for those attending the Intensive Italian Language Course).

This will give you sufficient time to enrol at the University of Bergamo, organise your class schedules, apply for residency, and complete the accommodation procedure.

During the first week of each semester, a WELCOME DAY is organised for all the incoming students. Students will also be given a tour of the facilities and meet Bergamo students.

FOR EU STUDENTS:

Tick the boxes on the checklist below once you have completed each task:

- Send an email to incoming@unibg.it to confirm your arrival date.

SUBMIT YOUR LEARNING AGREEMENT

Another important thing you have to decide is the subjects you are going to take during your study period.

Each department has its own deadline when the Definitive Learning Agreement must be submitted to the International Office. In case you need to change subjects or in case some of your lectures are overlapping, you will be given the opportunity to change it. After a given deadline, usually 3 weeks after the beginning of classes, the Definitive Learning Agreement cannot be changed!

Should you have any problems, please contact your Department Erasmus Coordinator.

All information which could be useful for planning your schedule are available on the UNIBG website.

- Information about courses programmes:
  www.unibg.it > Università - Dipartimenti >> choose your DEPARTMENT...
  > INSEGNAMENTI
  Insegnamenti attivi a.a. 2022-2023

HOW TO CHOOSE YOUR COURSES?

While choosing your courses, please pay attention to the number of ECTS credits given. Courses in the University are divided into Attività didattiche single (single courses) and Attività didattiche composte. Compounded courses consist of 2 or more subjects, and the number of credits is appropriately higher.

- Further information about the timetables and exams - ORARI LEZIONI ED ESAMI:
  www.unibg.it > WEB AGENDA (on the top-left corner)
On the calendar you may check lessons schedule with regarding 3 options: By degree, By Teacher, By course.

Example in the following picture we choose to check the calendar by course. So the calendar will occur with respect to the selected week.

How to register for exams?
Please also note that, as stated in the INCOMING PROCEDURE FOR INTERNATIONAL EXCHANGE STUDENTS, any irregularity or failure to abide by the University’s rules and administrative procedures (student does not register for exams, submit final documents before departure, return library books, pay in part or in full the rent for accommodation provided by the Accommodation Service, etc.) will result in the immediate termination of the exchange student’s enrolment status. As a consequence, no certificate of attendance nor Transcript of records will be issued.

Just a general introduction about taking exams in Italy…

When the exams calendars will be available on the UNIBG website, you will see that, in Italy, there are what are called “appelli d’esame”. They refer to the dates set by your Department in which you can take the final exams. Usually (except for written languages exams - one appello d’esame for the whole academic year), there are at least two “appelli d’esame” and therefore, you can choose, among the available dates, the one in which you would like to take your exams.

It is fundamental to take it into consideration when planning your departure!

Remember that students are requested to remain in Bergamo until the end of the exam session. Some departments like Engineering have mid-term smaller exams (“prova in itinere”). The lecturer will point it out at the beginning of the course.

At the University of Bergamo, you must register on your _______having to come back!

“http://sportello.unibg.it/esse3/Home.do” Sportello Internet” to take exams. You can register for the exams until 5 days before the exam date.

Exams can be either written or oral, or both, depending on the lecturer’s choice. If not specified by the lecturer, check it on the course page and on the
The University Language Centre is an inter-department centre providing services for teaching and learning foreign languages.

4. Remember the name of the course and the CODE. Once classes begin, REMEMBER that you NOT ONLY have to attend the course LECTURES, BUT ALSO the correspondent ADDs!!!

ADD stands for Attività Di Addestramento. Attività di Addestramento " are more practical classes in which the foreign language, its grammar and vocabulary are taught. Listening activities are done as well and students can exercise and practice the language. They are provided by the CLL, the University Language Centre.

UNIVERSITY LIBRARIES

Your department’s library is the first and most important place where you can find a suitable environment for studying.

A survival guide is available [here](#).

The services and resources of the other libraries are at your disposal as well: you can use them in person or, if you need a book or article, you can ask to have it sent to your own library.

Near the International office, in via San Bernardino, there is the public library Biblioteca Tiraboschi:

Reading rooms offer quiet, comfortable study conditions, books and journals are mostly freely available on open shelving for immediate use, and can also be taken out on loan or photocopied. Numerous connection points for students’ own laptop computers allow on-line access to further resources. There are also computer clusters in each Department.

STUDENTS ASSOCIATIONS:

AEGEE

AEGEE (European Students' Forum) is the biggest interdisciplinary student association in Europe that promotes co-operation, communication and integration amongst young people in Europe. Today it counts 15,000 members, active in more than 240 university cities in 43 European countries.

AEGEE was founded in 1985 in Paris, and thanks to our association, that persuaded in 1986 French President François Mitterrand to support funding for the Erasmus Programme, in the next few months a compromise was worked out between European Member States and the programme was adopted. So, now, if you are here, is even thanks to this "old" association!

In Bergamo AEGEE exists since more than 10 years and has a strong partnership with the University of Bergamo. During the year, we organize several activities for the hundreds of Erasmus that "invade" Bergamo!

With us you can watch movies in the original language once a week in a dedicated cinema, you can take part in cooking classes (Italian and Bergamo), sports tournaments (football, volleyball, basketball, etc.) and "aperitifs" where people can meet and learn each other mother tongue language.

Moreover, we organize hiking to the mountains and ski trips, an international dinner where everyone brings its typical food and drink from
his country, guided tours of Bergamo and the most beautiful city in Italy (Milan, Venice, Florence, Rome, Verona, etc..) and, of course, several thematic parties!

You can keep in touch with us on our website or on our Facebook page.

ABOUT THE AUTHOR:
This guide was realized in the framework of the Erasmus Placement programme. Below are some words from its author, Aleksandra Zieba, and Marta Maffioletti who updated it.

Hello! I am a Polish student from KUL in Lublin (PL) and carried out my Erasmus placement at the International Office of the University of Bergamo, where among my duties I was also in charge of the guide you have just read. I have stayed for a whole semester and I was enthusiastic about my experience. It was a great opportunity for me to get to know a culture in depth and to learn to work in a foreign language: I feel I have learnt so much and it seems to me that time has flown!

Realising this guide was a long, demanding task as I had to retrieve a lot of information about the city and then organise it into a text and a graphic layout. I had no previous experience of this sort of job, but in the course of it I realised I really liked it!

That is just one of the many things my internship has allowed me to find out.

I also found out that Bergamo and its University are a great place to be and study, and I am already looking forward to coming back.

For this reason, I am very grateful for the opportunity the Erasmus Placement programme has offered me. I hope many of you will also take this chance and start their international adventure.

Hi! I am an Italian student at the University of Bergamo who studied at The University of Manchester for one year thanks to the Erasmus+ Programme. I got my Undergraduate degree in 2013 in Foreign Languages and Foreign Literatures and I am writing my postgraduate dissertation at the moment.

I have updated and added information to this guide as part of the internship I am having at the International Office. I have tried to add as many useful information as possible so that foreign students can better understand how things work at this University where I have studied for four years now. Being an Erasmus student myself has made me aware of some issues people would normally take for granted and, inspired by the arrival guides I received before going to Manchester, I tried to further develop the guide Aleksandra created. I am always impressed by how beautiful Bergamo is, especially “Città Alta” where the Department of Foreign Languages is located. I hope...
all the students can enjoy their stay here and make the most of it!
