Tandem project

Conversazioni linguistiche

Would you like to practice your Italian with a Tandem Project?

What is a Tandem Project?

Are you new to Italy?

Is your Italian a bit rusty?

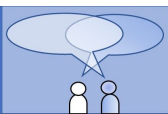

Would you like to improve it or practice it with native speakers?

WE'VE GOT YOUR BACK.

We'll match you with an Italian student or more.

We offer 10 hours of conversation between
2/3/4 students, to improve a foreign language
and to discover new cultures and ways of life.

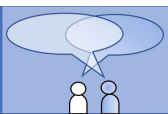

How does it work ?

- It only takes 1 source language and 1 target language.

1) Source Language: we accept ENGLISH, FRENCH, GERMAN, SPANISH, RUSSIAN, JAPANESE, CHINESE, AND ARABIC. If you have another native language, you can sign up with ENGLISH or another one of these languages as a bridge language (**minimum language level: B2**)

2) Your Target Language is ITALIAN. You will be able to learn it, practice it and improve it with Italian students who are eager to learn your language (25 minutes in 1 language, 25 minutes in the other)
